QUARTERLY BUSINESS NEWSLETTER

Welcome to the **Kaukauna Utilities Connect** - our quarterly newsletter to keep business customers up-to-date on all things KU - programs, services, incentives, and more. If you have any suggestions for content you'd like to see presented, please feel free to reply to this email to give us your feedback.

Meet your
**ENERGY
SERVICES
MANAGER**

FRANK BARTH

YOUR LOCAL BUSINESS ALLY!

Meet Frank Barth, your Energy Services Manager! He is more than just a point of contact; he is your strategic partner, trusted advocate, and energy needs champion committed to ensuring your business thrives.

What can Frank do for you?

- Deliver Timely Information
- Analyze Energy and Water Consumption
- Give Utility Program Guidance
- Provide Decision-Making Tools

Recognizing the demands on your time, we're here to offer support. Our dedicated Energy Services Manager is available to assist you and your business.

SHARED SAVINGS PROGRAM

*Helping Businesses Go Green
While Saving Green!*

Are hefty upfront costs preventing your business from upgrading to efficient equipment and building components? Kaukauna Utilities' Shared Savings Program can help!

Eligible businesses receive upfront funding for energy efficiency projects and repay it in equal installments over up to 60 months, added to your utility bill. As your energy usage decreases, the savings will cover the repayments, keeping your bills stable. Once repaid, you'll continue enjoying reduced energy costs.

Contact us today to learn more about this program - experience the benefits of energy efficiency with affordable solutions!

Loans are available up to \$50,000.

Kaukauna Utilities Moving Forward with Generational Water Enhancements

In a landmark decision at the May 23rd, 2024 meeting, the Kaukauna Utilities Commission voted unanimously to revolutionize the city's water treatment process in a move that will fortify the city's water supply for generations to come. This transformative project will see the construction of state-of-the-art water treatment plants employing reverse osmosis or nanofiltration technology. The enhanced treatment process will significantly reduce water hardness for residents and businesses in the city.
